2010 CMEF BOARD OF DIRECTORS

Rev 1-10

Committees and Chairs for 2009

Apprenticeship	Chair -Co-Chair Billy Ware, McCorvey Sheet Metal
Craft Training	Chair – John Cameron, Turner Industries
Budget & Finance	Chair – Rusty Barnhill, Certified Technical Services

Apprenticeship: The committee works alongside the Department of Labor/Bureau of Apprenticeship Training and local community colleges to help provide education and on-the-job training to qualified applicants through this employer-sponsored program. Participants can enroll in the following DOL/BAT programs: Drywall, Electrical, HVAC, Insulation, Pipefitting, Plumbing, Sheet Metal, Sprinkler Fitting and Welding.

Craft Training: The committee collaborates with local area community colleges and other training sources to provide education for various crafts to include but not limited to: Carpentry, Electrical, HVAC, Industrial Painting, Instrumentation, Insulation, Millwright, Pipefitting, Plumbing, Sheet Metal, and Welding, so as to improve the quality of work performed in today's industrial and commercial construction industry. The committee also oversees several industrial only training initiatives which include the NCCER Skills Assessment Certification Program, Upgrade Training and the on-site skills upgrade program.

Budget & Finance: Made up of the CMEF Executive as well as other volunteers, the committee oversees the budgeting and planning of the Foundation's resources and recommends to the full Board that which would advance the Association's objectives.
