

Communicating by Fax and Email

When a bill is coming up for a vote, and there is not enough time for a letter or personal meeting, email and fax are the fastest ways to voice your opinion. The guidelines listed above for writing letters apply to these forms of communication as well. While personalized constituent correspondence is ideal, ABC also utilizes its Grassroots network and Voter Voice software to distribute Action Alerts, making it easy to e-mail your legislators. A message is pre-written according to the legislation, and with only a few clicks a message is sent. **When you receive an Action Alert, distribute it to your employees and associates- strength in numbers is the only way to be really effective in these instances.**
